

# FISCAL NOTE

## SB 2184 - HB 2604

February 29, 2000

**SUMMARY OF BILL:** Provides that any county that has a contractual relationship with the Department of Environment and Conservation for the inspection of subsurface sewage disposal systems (Shelby, Davidson, Hamilton, Knox, Williamson, Madison, Blount, Sevier) may authorize the installation of an experimental subsurface sewage disposal system or other alternative disposal method as replacement for a conventional subsurface system that is failing or has failed if no public sewerage system is operative in the area where the failing system is located. Specifies that this does not apply to structures whose construction is initiated after the effective date of the act.

### ESTIMATED FISCAL IMPACT:

#### MINIMAL

Assumes the local governments will not incur any of the expenditures associated with installation of such systems but are merely given the authority to approve and inspect the use of such systems by private individuals or entities.

### CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
